

The Old World Archaeological Study Unit

Do you collect stamps of Cave Paintings, Monoliths, Ancient Tombs and Temples? Do you enjoy reading about 'classic' cultures like Athens, Rome, Egypt or the 'not so classic' cultures like the Ice Age? Love learning more about cultures like the Olmec or the Han? Mysterious places like Easter Island or Angkor Wat? If you do and you collect stamps, combining these interests is a rewarding hobby.

OWASU is a group of stamp collectors who collect postal materials related to Old World Archaeology (and cultural anthropology for spice). Membership provides several benefits such as our [newsletter](#).

If your answer is yes, consider joining our society which specializes in Old World Archaeology.

Meetings at Major Stamp Shows - Quarterly Journal
